Intending purchasers of FOND'S EXTRACT cannot take too much precaution to prevent substitution. Some druggists, trading upon the popularity of this great Family Remedy, attempt to palm off other preparations, unscrupulously asserting them to be "the same as" or "equal to" FOND'S EXTRACT, indifferent to the deceit practiced upon and disappointment thereby caused to the purchaser, so long as larger profits accrue to themselves. Always insist on having FOND'S Extract. Take no other. Sold in bottles only; never by measure.

MOSSEY CREEK.

The Origin of the Smallpox There.

The cause of our affliction from smallpox has at last come to light. It is said old Mrs. Holdman, who is the presiding genius of the laghetto in "Hayti," while in Texas, the past fall, waited on a family that had the smallpox, and that the clothing of the children were given her. These garments she brought back and distributed among the members of two families—her own and that of her son.

THE RESULT.

has been twenty-two cases of smallpox, four of which have proved fatal, and one or two others will probably die.

NEW CASES.

A young man named Brown, living two miles on the New Market road, is very sick; also an old colored man within the quarantine, one and a fourth miles west of us. Gloddis's children are doing well.

EVERY PRECAUTION.

is being used to prevent the spread of the disease. The gentlemen in charge of this disease have secured some experienced nurses for those who have no such aid in their own families. Dr. Hood is energetic and watchful. His time is fully occupied in attending on the patients of his charge.

THE DOUBTING.

have concluded that smallpox is the name of this disease. For days this was ridiculed and somewhat hindered quarantine efficiency.

THE REPORT.

of the smallpox on the business on our community can be imagined. The schools are the real sufferers. These were on the tide of prosperity. Notwithstanding the presence of the smallpox, they

will be reported.

Tuesday next, January 2. The facilities think that with vaccination and caution as to contact with those who are infected by the disease, there need not be any necessary danger. But the people will have to be responsible for results.

H. C. Leftwich, Bristol, Tenn., says: "I have used Brown's Iron Bitters for general debility and can recommend it."
